Election Tuesday.

The last call is made by the unterrified Democratic leaders of Appomattox to come out to the polls and vote next Tuesday. We desire to unite in this call and to urge our friends to support the nominees of the primary, whether you consider its results steeped in fraud or not. You can render the party a service by voting for all the nominees, with the assurance of no more such primarics in this county. The full list of nominees is given at the head of this column. Vote for the office now and

Mr Horsley has opposition for the House and should receive a majority over his opponent, Mr. Connor of at least 1500 votes in this county.

Major Forward for the State Corporation should receive a like majority. Neither Ferguson, Horsley or Major Forward had any opposition in the primary and they should receive the full Democratic vote.

Then the voters will have a separate ballot to vote on the question of bonds for building roads. This is not a party question and figures and estimates given out by both sides on the question differ so materially it is hard to say which is correct.

The voter will weigh and consider the contentions presented and vote as your best judgment dictates.

Vote and mark your own ballot without the aid of any man.

Congressman Tucker and his Secretary Mr. Smith spent two days here this week and met a number his constituents on business. Our Congressman looks good, feels good, and is good and is the youngest "old man" we ever saw. He made a short address before the chautauqua and his happy style elicited much applause. He referred to the many problems confronting the approaching session of Congress, asked the people to preserve their local rights, and if the chickens had the gapes go to V P I and for public office to call on Slemp.

Why You Should Hear Mr. Aaron Sapiro November 30th

Honorable Henry C. Wallace, Secretary of Agriculture of the United States:

"Everything which tends to bring about a better understanding of the principles of cooperation ought to be helpful, both to producers and consumers. Many farmers' cooperative associations in the past have failed because of a lack of understanding of basic principles. In the long run the success of any cooperative enterprise depends upon the loyalty, intelligence and good faith of its individual members. These in turn depend upon the individual members having a grasp of fundamental principles. Feeling this very strongly, I am in complete sympathy with every movement tendeing to bring about a wider and better understanding of cooperative principles."

Mr. Aaron Sapiro will address the Virginia Educational Conference on Friday eveaing, November 30th, at 8 o'clock, in the auditorium of the John Marshall High school, Richmond, under the auspices of the Co-Operative Education Association. The public is invited.

What Appomattox Will Receive Under Bond Plan

In a recent statement broadcasted in Virginia, the Pay-As-You Go Association is making an attempt to again mislead the citizens of Appomattox county as to the amounts which your county will receive under the bond plan.

Bear this in mind—that you are receiving all now that you can receive under the pay-as you-go plan, unless the law is changed or new taxes are levied, but that under the bond plan, without additional taxation, you will have:

Constructed and completed your State Highway System of 27 miles within a period of five years, and the maintenance of this system for all time.

$6,400 annually for the construction of county roads Your part of the $700,000 State Aid amounting to $2,223, Your part of any estimated surplus in the State Maintenance Fund amounting to an average of $4,627 or a total of $13,250 each year for the construction and maintenance of your county roads.

Using the amounts of the estimated returns from the 1 cent gas tax of $2,473.32 from July 1, 1923 to July 1, 1924, as sent to Your Board of Supervisors on October 17th by Mr. H. G. Shirley, chairman of the State Highway Commission, in the seven-year period of the pay-as-you-go plan, you county would receive $17,313 24. Any statements to the contrary are unauthorized and a guess, pure and simple.

Under the bond plan, as shown above; during the seven year period, you would receive $92,750.00 for county roads, and this does not include the 1 cent gas tax.

Bear this in mind—that Chairman Shirley of the State Highway Commission estimates that it will require $75,000,000 to complete the State System. In the seven year period of the pay-as-you-go plan, using their estimates, they raise $49,000,000 or $26,000,000 short of the amount required to complete the State System. The only way then that they can carry out their promises to you is to raise the $26,000,000 by additional taxes ON YOU.

Vote For Bonds—Complete Your State System In Five Years Without Increasing Your Taxes And Have $13,250 Annually for Construction and Maintenance of Your County Highways. The Pay-As-You-Go Plan Means Increase Of Taxes.
